

“CREAR UN DISEÑO ES PARECIDO A
SOÑAR DESPIERTO, DONDE TUS DESEOS
SE HACEN REALIDAD.”

“CREATING A DESIGN IS LIKE DREAMING UP,
WHERE YOUR WISHES COME TRUE.”

“LA CRÉATION D'UN DESIGN EST SEMBLABLE
A UN RÊVE ÉVEILLÉ, LÀ OÙ TES SOUHAITS
DEVIENNENT RÉALITÉ.”

A handwritten signature in black ink, appearing to read "Mario", with a stylized, flowing script.

ECO-LOGÍA

La calidad es sinónimo de ecología ya que evita asistencias y cambios innecesarios en un producto que perdura en el tiempo sin alteraciones. Proveedores de proximidad, producción con el mínimo impacto ambiental, Inox 100% reciclable, Cromo bajo en níquel, latón ADZ sin Zinco ni Plomo... Todos nuestros productos están fabricados en Italia bajo la filosofía Ecofriendly para intentar dejar un mundo mejor. Recuperación del agua convirtiéndola en energía, energía solar como motor de nuestros procesos, embalajes sostenibles, mínimo transporte en cada proceso, así como la investigación en materiales y procesos para conseguir que el producto sea totalmente Green.

Ecology

Quality is synonymous of ecology since it avoids assistance and necessary changes in a product that lasts over time without alterations. Proximity providers, production with minimal environmental impact, 100% recyclable stainless steel, low Nickel Chrome suppliers, ADZ Brass without Zinc or Lead... All our products are made in Italy under the Ecofriendly philosophy trying to leave a better world. Recovery of water turning it into energy, solar energy as the engine of our processes, sustainable packaging, minimal transport in each process, as research into materials and processes to ensure that the product is totally Green.

Ecologie

La qualité est synonyme d'écologie vu qu'elle évite la nécessité de maintenance ou de réparation inécessaire d'un produit qui sera beaucoup plus durable. Fournisseurs de proximité, production avec le minimum d'impact sur l'environnement, Inox 100% recyclable, Chrome à faible teneur en nickel, laiton ADZ sans Zinc ni Plomb... Tous nos produits sont fabriqués en Italie selon la philosophie "Ecofriendly" afin de veiller au bien être de la planète. Récupération de l'eau pour la convertir en énergie, énergie solaire en tant qu'élément moteur de nos processus, emballages durables, transport minimum, recherche sur les matériaux et différents processus, afin de parvenir que le produit soit totalement écologique (Green).

CALIDAD

Cada producto de **TWINS** se diseña y se produce como si de una joya se tratara, desde la elección de los principales materiales a la cura de cada detalle, procesos de proximidad, porque en definitiva, los detalles son los que marcan las diferencias. Nos favorece ir de la mano de los principales proveedores, nos apoyamos en Neoperl con los aireadores, Vernet con los cartuchos termostáticos o Kerox y Nuovagalatron con los cartuchos cerámicos, porque si quieres hacer un producto de calidad y que perdure en el tiempo, los componentes tienen que ser de la máxima calidad.

Quality

Each **TWINS** product is designed and produced as if it were a joy, from the choice of the main materials to the care of every detail, local processes, because ultimately, the details are what make the difference. It favors us to go hand in hand with the main providers, we rely on Neoperl with the aerators, Vernet in the thermostatic cartridges or Kerox and Nuovagalatron with the ceramic cartridges, because if you want to make a quality product that lasts over time, the components they have to be of the highest quality.

Qualité

Chaque produit de **TWINS** est conçu et fabriqué comme s'il s'agissait d'un bijou: de l'élection des principaux matériaux jusqu'au soin apporté à chaque détail, processus de proximité, parce qu'en fin de compte ce sont les détails qui fons la différence. Cela nous favorise d'aller main dans la main de nos principaux fournisseurs, nous nous soutenons sur Neoperl pour les aérateurs, Vernet pour les cartouches thermostatiques ou encore Kerox y Nuovagalatron pour les cartouches en céramique, parce que si l'on souhaite avoir un produit de qualité et qui résiste à l'épreuve du temps, les éléments doivent être de la plus haute qualité.

EXPERIENCIA

La experiencia del equipo humano de **TWINS** es la que le ayuda a crecer por la implicación en cada proyecto. Desde el seguimiento y cura en cada proceso, nos implicamos en cada proyecto intentando aconsejar y trasladar nuestra experiencia a los proyectos en los que participamos. Implicación en los diseños, en la producción con su completo seguimiento, elección de los mejores materiales, estudio del embalaje con un mínimo impacto ambiental, e implicación en el servicio post-venta donde consideramos vital la atención, respuesta y solución.

Experience

The experience of the **TWINS** human team is what helps it grow through involvement in each project. From monitoring and curing each process, we get involved in each project trying to advise and transfer our experience to the projects in which we participate. Involvement into the designs, in the production with its complete monitoring, choice of the best materials, study of the packaging with a minimum environmental impact, and involvement in the after-sales service where we consider vital the attention, response and solution.

Experience

L'expérience de l'équipe humaine de **TWINS** est celle qui nous aide à croître dans chacun des projets. Depuis le suivi et contrôle dans chaque processus, nous nous impliquons dans chaque projet réalisé. Engagement dans le "design", dans la production avec un suivi intégral, avec le choix des meilleurs matériaux, étude du conditionnement avec impact minimal sur l'environnement et engagement dans le Service Après Vente où nous considérons vitale l'attention portée, la réponse et la solution.

IMAGEN

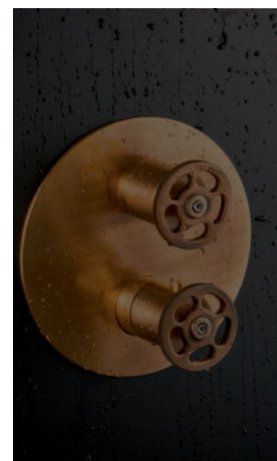

TWINS cuida su imagen hasta el último detalle buscando inspiración y colaboradores de otros sectores para conseguir innovar continuamente. **TWINS** hace un giro radical de su imagen que representa un cambio integral, desde su logo, presencia en ferias, catálogos, redes sociales... Una continua innovación para sorprender y estar a la vanguardia. Seguiremos avanzando para que **TWINS** se acerque a la excelencia que merecen nuestros clientes.

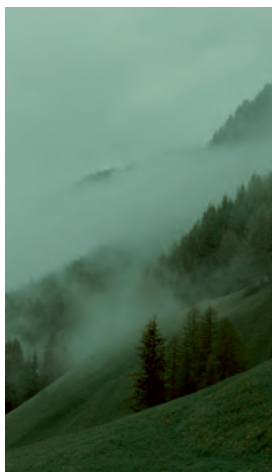

Perception

TWINS takes care of its image down to the last detail, seeking inspiration and collaborators from other sectors to continuously innovate. **TWINS** makes a radical turn in its image that represents a comprehensive change, from its logo, presence in exhibitions, catalogues, social networks... A continuous innovation to surprise and be at the forefront. We will continue advancing so that **TWINS** approaches the excellence that our clients deserve.

Perception

TWINS soigne son image jusqu'au moindre détail, recherchant l'inspiration et collaborateurs d'autres secteurs afin d'innover continuellement. **TWINS** fait un changement radical à son image, logo, présence aux salons, catalogue, réseaux sociaux... Une innovation constante surprenante nous permettant d'être à l'avant-plan. Nous continuerons d'aller de l'avant afin que **TWINS** s'approche à l'excellence que méritent nos clients.

RECI- CLAJE

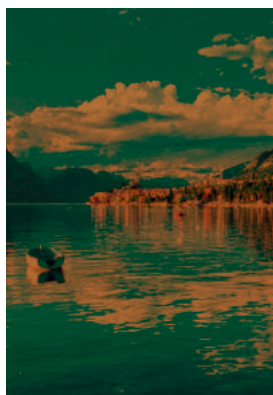

En este mundo consumista queremos poner nuestro pequeño grano de arena asegurando que cada proceso se hace con el mínimo impacto ambiental y ofreciendo a nuestros clientes productos reciclables. Hacemos un producto de calidad que perdura en el tiempo dando la oportunidad que nuestros productos tengan una segunda vida.

Recycling

In this consumerist world we contribute with our small grain of sand ensuring that each process is done with the minimum environmental impact and offering our customers recyclable products. We make a quality product that lasts over time, giving our products the opportunity to have a second life.

Recyclage

Dans ce monde consumériste, nous voulons apporter notre grain de sable, nous assurant que chaque processus est fait avec le moindre impact environnemental et proposant à nos clients des produits recyclés. Nous faisons un produit qui dure dans le temps, leur donnant la possibilité d'avoir une seconde vie.

FABRI- CADO en ITALIA

No se trata de sólo un logo, se trata de una tradición, de un saber hacer, un cuidado en cada detalle y lanzar un producto solo porque te transmite una sensación especial. El made in Italy es sinónimo de diseño pero en el caso de **TWINS** también es sinónimo de calidad. Entre la provincia de Novara y Brescia se concentra la totalidad de nuestra producción desde la fundición, pulido, mecanización y acabados, teniendo un control absoluto sobre la producción y el cuidado en cada detalle.

Made in Italy

It is not just about a logo, it is about tradition, to know-how, so we take care of every detail to launch a product just because it gives you a special feeling. Made in Italy is synonymous of design but in the case of **TWINS** it is also synonymous of quality. The entire manufacturing process is concentrated between the province of Novara and Brescia, from casting, polishing, machining and finishing, having absolute control over production and care in every detail.

Fabriqué en Italie

Il ne s'agit seulement pas d'un logo, il s'agit d'une tradition, d'un savoir faire, de l'attention portée à chaque détail de lancer un produit juste parce qu'il transmet une sensation spéciale. Le "fabriqué en Italie" est synonyme de "design" mais est pour **TWINS** aussi synonyme de qualité. Entre la province de Novara et Brescia se concentre la totalité de notre production, de la fonte, le polissage, la mécanisation et finition, ayant le plein contrôle sur la production et l'attention portée à chaque détail.

HECHO a MANO

La producción de **TWINS** permite hacer piezas a medida y exclusivas para cada ocasión, consiguiendo hacer realidad cualquier diseño o acabado. En la continua búsqueda de la excelencia **TWINS** consigue hacer realidad las fantasías de cada arquitecto, con una gama muy amplia pero con piezas artesanales hechas a mano cuando es necesario.

Hand Made

TWINS production allows exclusive and custom sized pieces to be made for each occasion, making any planned design or finish into a reality. In the continuous search for excellence, **TWINS** manages to make the fantasies of each architect come true, with a very wide range but with handcrafted pieces when necessary.

Fait à la main

La production de **TWINS** permet de réaliser des pièces sur mesure et exclusives pour chaque occasion, permettant faire de tout projet une réalité. À la recherche permanente de l'excellence, **TWINS** parvient à réaliser les fantasmes de tout architecte, avec une gamme très étendue mais avec des pièces artisanales, finies à la main quand cela est nécessaire.

AHORRO AGUA y ENERGÍA

Hacer que nuestros productos sean sostenibles implica que estén comprometidos con la necesidad de reducir al máximo el consumo de agua sin que la calidad del chorro disminuya. El agua es un bien cada vez más escaso y es por ello que el ahorro de agua es un compromiso innegociable para **TWINS**. Así mismo, la incorporación de los cartuchos C3 con ahorro energético permiten la apertura en frío de las griferías consiguiendo un ahorro importantísimo de energía.

Saving Water and Energy

Making our products sustainable implies that we are committed that all of them reduce water consumption as much as possible without diminishing the quality of their pressure. Water is an increasingly scarce commodity and that is why saving water is a non-negotiable commitment for **TWINS**. Likewise, the incorporation of the C3 cartridges with energy savings allow the cold opening of the taps, achieving significant energy savings.

Economie d'eau et d'énergie

Rendre nos produits soutenables implique qu'ils soient engagés dans la nécessité de réduire au maximum la consommation d'eau sans que la qualité du jet diminue. L'eau est un bien de plus en plus rare et c'est pour cela que l'économie de l'eau pour **TWINS** est un engagement indiscutable. Par ailleurs, l'incorporation des cartouches C3 avec économie énergétique permet l'ouverture en froid des robinets et la réalisation d'importantes économies d'énergie.

“MÁS QUE UNA MARCA,
UNA FILOSOFÍA DE VIDA.”

“MORE THAN A BRAND,
A PHILOSOPHY OF LIFE.”

“BIEN PLUS QUE UNE MARQUE,
UNE PHILOSOPHIE DE VIE.”

“LA IMPORTANCIA DE CADA DETALLE.”
100% FABRICADO EN ITALIA.

"THE IMPORTANCE OF EVERY DETAIL".
100% MADE IN ITALY

"L'IMPORTANCE DE CHAQUE DÉTAIL".
100% FABRIQUÉ EN ITALIE.

Latón ADZ sin Zinco ni Plomo

INOX AISI316L, la pureza perdura en el tiempo

Corazón cerámico, de Kerox y Nuovagalatron. Termostatos de Vernet

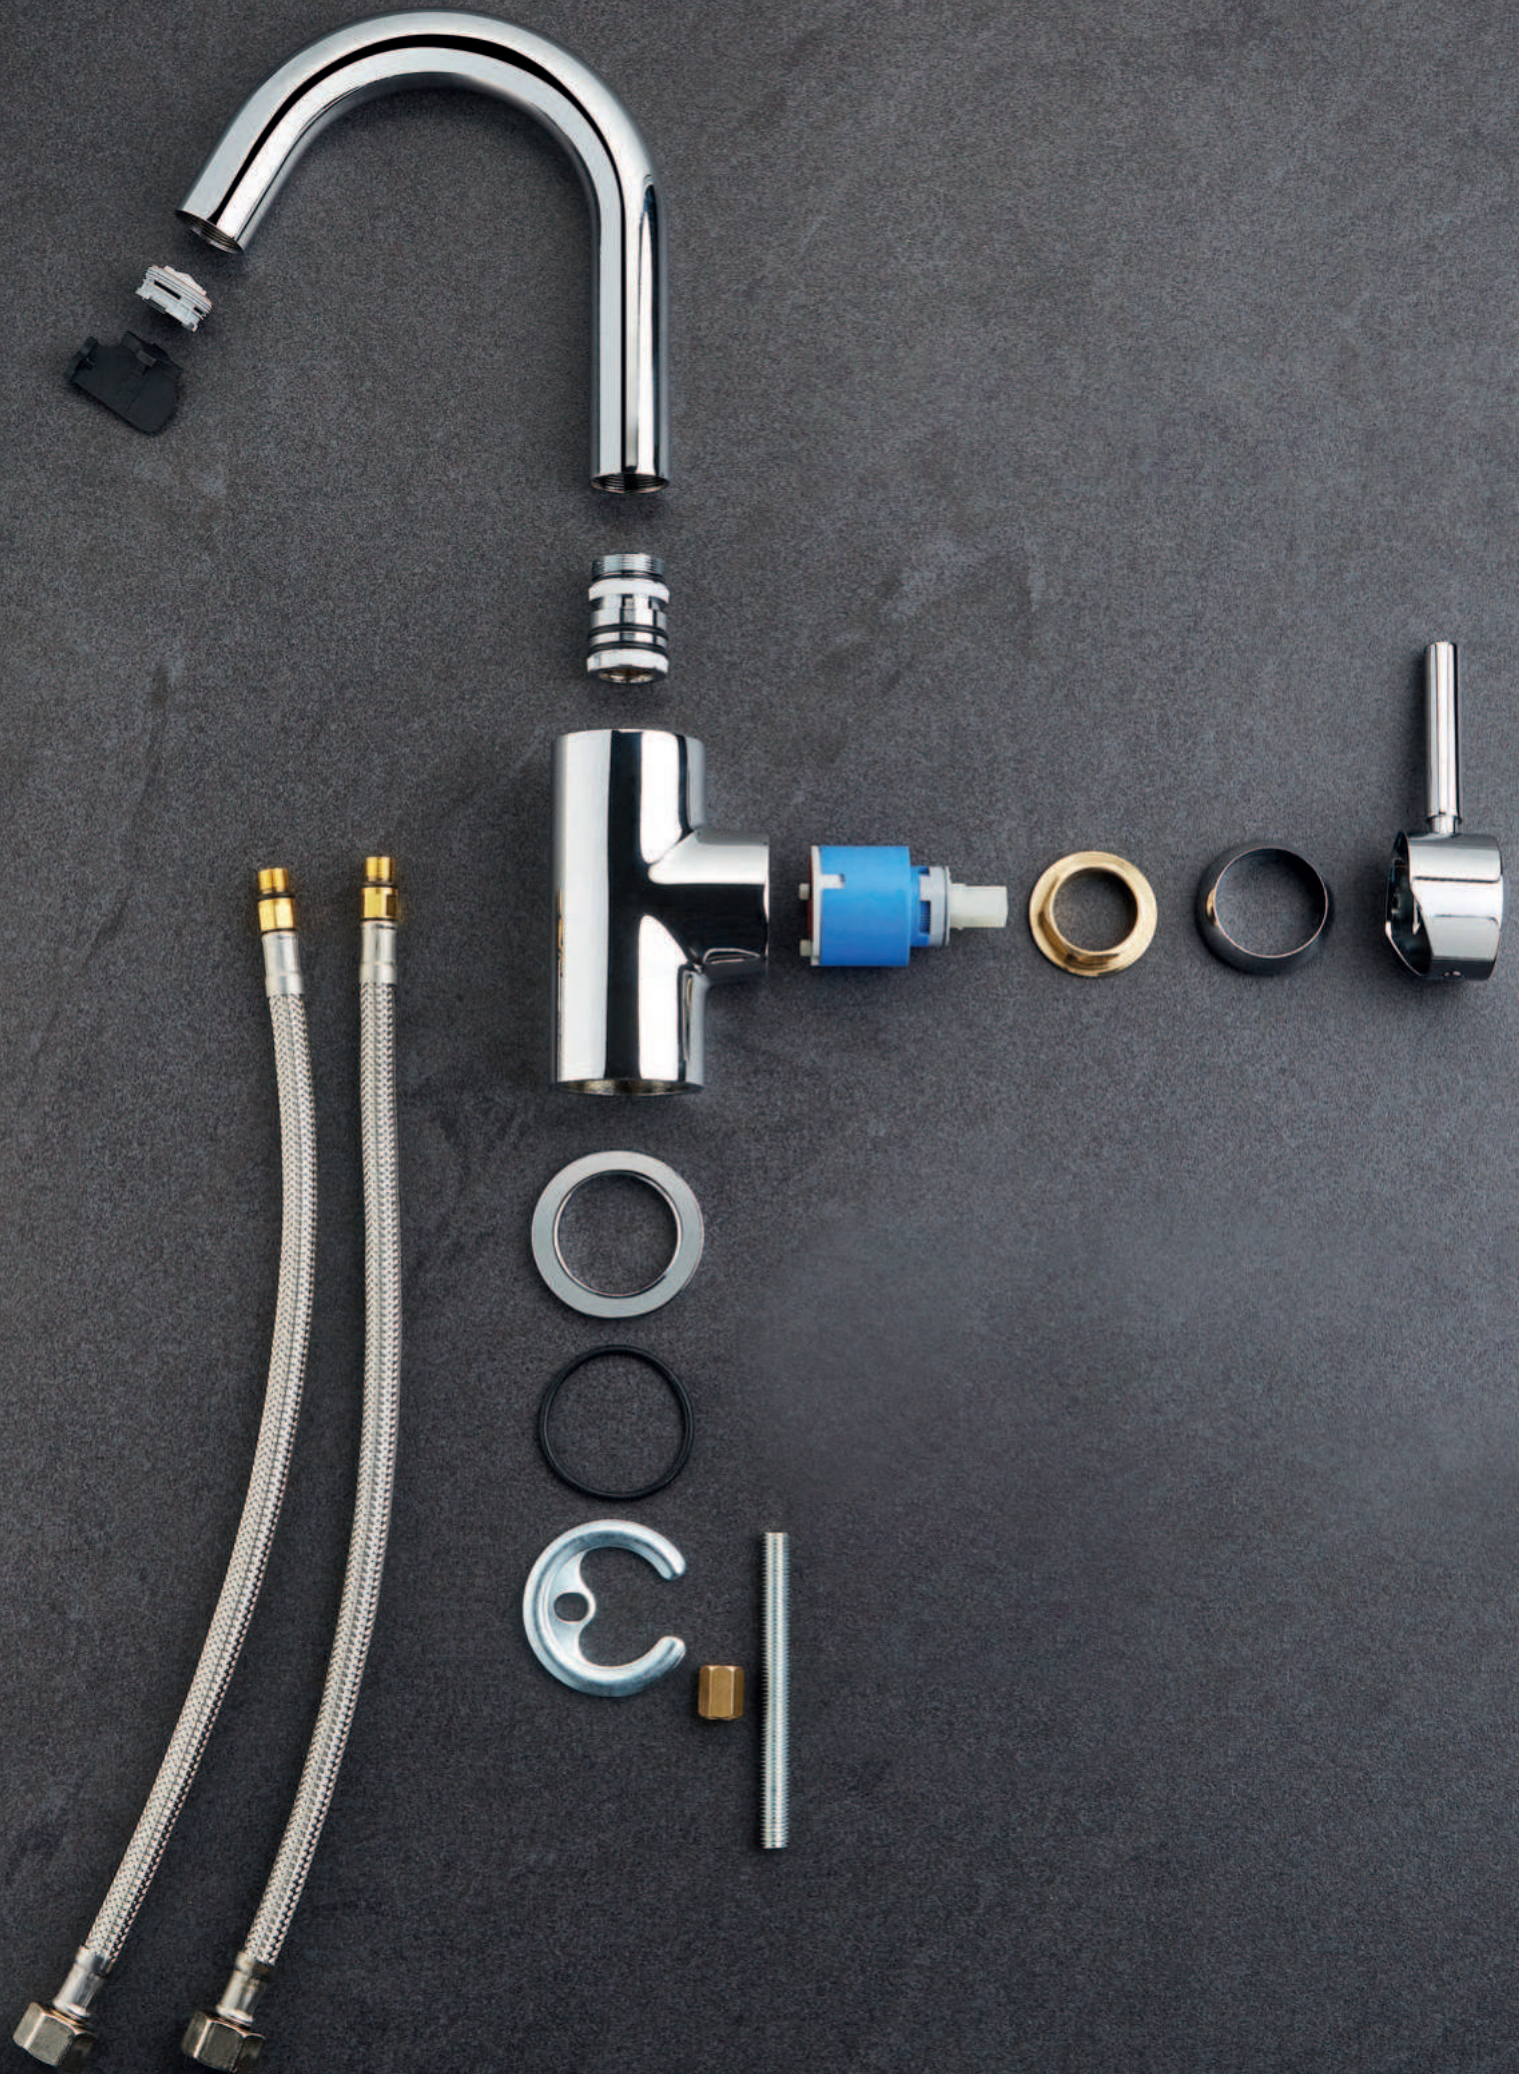

Aireadores de Neoperl, limitados según el proyecto para LEED o BREEAM

Kit fix, para una rápida y fácil instalación

Conexiones de FCR bajo las normativas más exigentes

Superficie CROMO EN248 (CROMO 0,5Micras, NÍQUEL 15Micras) Máxima
resistencia a la Niebla Salina superior a las 200H EN ISO 9227

PVD, Acabados Exclusivos

PVD son las iniciales de Physical Vapor Deposition que como su nombre indica es una técnica que permite depositar las partículas de un acabado sobre la superficie del producto, impregnando la superficie y convirtiendo el acabado como parte de la superficie en lugar de ser una capa de la misma.

Este proceso industrial es totalmente GREEN con Zero emisiones y ningún residuo de producción.

PVD , Exclusive Finishes

PVD are the initials for Physical Vapor Deposition which, as its name indicates, is a technique that allows the particles of a finish to be deposited on the surface of the product, impregnating the surface and converting the finish as part of the surface instead of being a layer of the surface same.

This industrial process is totally GREEN with Zero emissions and no production waste.

PVD, Finitions Exclusives

PVD sont les lettres initiales de Physical Vapor Deposition qui comme son nom indique est une technique qui permet de déposer les particules d'une finition sur la superficie du produit, imprégnant la totalité et transformant la finition en élément de la surface.

Ce processus industriel est totalement écologique (Green)avec Zero émissions et aucun déchet de fabrication.

Extrema resistencia de la superficie 3000HV.
Extreme surface resistance 3000HV.
Résistance extrême de la superficie 3000HV.

Más de 1500 horas de resistencia a la niebla salina sin alteración superficial (ISO9227).
More than 1500 hours of resistance to salt spray without surface alteration (ISO9227).
Plus de 1500 heures de résistance à la brume saline sans altération en surface (ISO9227).

Resiste a disolventes y ácidos.
Resistant to solvents and acids.
Résistance aux solvants et acides.

Inalterable a los rayos UVA UV2400 horas (UN9397).
Unalterable to UVA UV2400 hours (UN9397).
Inaltérable aux rayons UVA UV2400 heures (UN9397).

Producto atóxico y biocompatible, 100% reciclable.
Atoxic and biocompatible product, 100% recyclable.
Produit non-toxique et biocompatible, 100% recyclable.

Producción totalmente sostenible.
Fully sustainable production.
Production entièrement durable.

V = Base Cepillada / Brushed Surface / Surface Brossée

Un toque de elegancia con un cepillado a mano maquillando el brillo

A touch of elegance with a brushing by hand making up the shine

Une touche d'élégance avec un brossage à la main qui fait briller

B = Base Brillo / Polished Surface / Surface brillant

Resaltando el acabado i brillando con luz propia

Highlighting the finish and shining with its own light

Mettre en valeur la finition et briller de sa propre lumière

C = Base Mate / Fond de Teint Mat

Matizando sus brillos se convierte en elegancia

Shading its shine becomes elegance

Déguiser son éclat le transforme en élégance

INOX

Ecológico, reciclable y puro. Acero Inox AISI316L destaca por su pureza y su elegancia creada para perdurar en el tiempo. Cepillado o en los exclusivos acabados PVD Tresedici y Yacht destacan sobre el resto por la calidad de su material.

The definition for this collection of 2 series made of Stainless Steel AISI 316L is Purity, Resistance and Ecology. The collection is indestructible, resistant to the most adverse conditions such as saline water even acids. The material is 100% recyclable which combines the beauty of YACHT and the provocation with the shapes of Tresedici.

Puresse, résistance et écologie sont la définition de cette collection de 2 séries fabriquées en Acier Inoxydable AISI 316L. Matériel indestructible qui résiste aux conditions les plus adverses como l'eau saline ou encore les acides. Matériel 100% recyclable qui combine le charme de Yacht et la provocation avec les formes de Tresedici.

Minimalismo en estado puro. La proporción entre sus formas, la elegancia de la maneta, la gran cantidad de soluciones y acabados hacen de esta serie la elegida para hacer un baño de diseño con estilo y elegancia.

This collection is minimalism in its purest form. The proportion between its shapes, the elegance of the handle, and the large quantity of solutions and finishes make this series the chosen one to create a stylish and elegant designer bathroom.

Minimalisme en état pur. La proportion entre ses formes, l'élégance de la poignée, la grande quantité de solutions et finitions font de cette série l'élue pour une salle de bain design avec style et élégance.

SELECT ONE

Subir el minimalismo al nivel de excelencia es la función de SELECT ONE, con una maneta sutil y precisa que se desplaza por encima del cuerpo sin perder las formas. Con la tecnología SELECT, esta serie es la primera de una generación que superará todas las expectativas.

The SELECT ONE concept take minimalism to the level of excellence, the a subtle and precise lever make it moves over the body without losing shape. Thanks to SELECT technology, we've created the first faucet generation that will exceed all expectations.

Le rôle de SELECT ONE est de positionner le minimalism au même niveau que l'excellence. Avec une poignée qui se déplace subtilement au dessus du corps, sans perdre ses formes. Avec la technologie, SELECT ONE ouvre la voie à une génération qui supère les attentes.

ELLEGANCE

Elevar la grifería al nivel de joya donde conseguimos texturar la superficie para darle una imagen exclusiva. Es la viva demostración que los pequeños detalles son los que marcan la diferencia.

The Elegance collection has been taken to the level of a jewel where we managed to texture the surface to give it an exclusive image. We show that the small details are what make the difference.

Porter la robinetterie au niveau de bijoux, réussissant à texturer la superficie afin de lui donner une image exclusive. Ici la démonstration que ce sont les petits détails qui marquent la différence.

PLUS

Un clásico vanguardista amante de la pureza y el diseño, una grifería con estilo propio que ha marcado una época y está destinada a perdurar en el tiempo. Sus simétricas y estudiadas proporciones hacen de PLUS el diseño perfecto.

The PLUS collection is avant-garde classic who loves purity and design, a faucet with its own style that has marked an era and is destined to last over time. Its symmetrical and studied proportions make PLUS the perfect design.

Un classique avant-gardiste amant de la pureté et du design, une robinetterie avec son propre style qui a marqué une époque et qui est destinée à perdurer dans le temps. Ses proportions symétriques et bien étudiées font de Plus un diseny à la perfection.

ROTARY

Ergonomía con estilo. Creada a partir de la llave de gas de la época, Rotary quiere ser la nota divertida a la par que elegante dentro de nuestro baño, un diseño sorprendente que nos da mucho juego con la infinidad de acabados propuestos.

The collection stands out for its Stylish ergonomics. It has been created from the vin-tage faucet, ROTARY wants to be the fun as well as elegant note in our bathroom, a surprising design that gives us a lot of play with the infinity of proposed finishes.

L'ergonomie avec style. Créée à partir d'un robinet à gaz de l'époque, Rotary veut être la note amusante et élégante dans nos salles de bain, un design surprenant qui donne beaucoup de jeu avec une infinité de finitions.

VANGUARD

Cuando las líneas rectas mandan en un diseño, conseguimos una grifería imponente. Si además le añadimos un caño estilizado de difícil ejecución como el de Vanguard, conseguimos un diseño proporcionado y de una delicadeza sublime.

When straight lines rule a design, we get an amazing faucet. If we also add a stylized spout that is difficult to execute like Vanguard's, we get a proportionate design and sublime delicacy.

Quand les lignes droites règnent dans un design, nous obtenons une robinetterie imposant. Si en plus nous y ajoutons un bec stylisé d'exécution difficile comme celui de Vanguard, nous obtenons un design proportionnel avec une sùblime délicatesse.

CLASSIC

La serie retró con la tecnología moderna del monomando. Sin renunciar a un diseño que te transporta al pasado, sus acabados y detalles en porcelana hacen de Classic una serie perfecta para restaurar una casa de época.

The retro series has the modern technology of the single lever. Without giving up a design that takes you back in time, its porcelain finishes and details make Classic a perfect series for restoring a period house.

La série "Rétro" avec la technologie moderne du mitigeur. Sans renoncer à un design qui nous transporte au passé, ses finitions et détails en porcelaine font de Classic la série parfaite quand il s'agit de la restauration d'une maison d'époque.

VINTAGE

Recrear el pasado es la idea de Vintage, para recrear un baño de antaño sin que le falte ningún detalle. La cantidad de propuesta que encuentras en Vintage hacen de ella la serie rústica por excelencia cuidando de cada detalle con la máxima calidad.

The idea Vintage is the recreation of the past, to recreate a bathroom from yesteryear without missing any detail. The amount of proposal that you find in Vintage makes it the rustic series par excellence, taking care of every detail with the highest quality.

Recréer le passé est le but de Vintage, pour les salles de bain de l'époque avec les moindres détails. Le grand choix dans cette série Vintage font d'elle la série rustique par excellence, prenant soin de chaque détail avec la plus haute qualité.

CHARLTON

Charlton tiene un espacio reservado para un baño de época de grandes dimensiones. Con la necesidad de llamar la atención, está destinada a baños elegantes. Sus manetas de porcelana hacen de Charlton una grifería imponente a la par que importante.

Charlton has a space reserved for the period bathroom. With the need to attract attention, it is intended for elegant bathrooms. Its porcelain handles make Charlton an imposing as well as important faucet.

Charlton à une place réservée dans les grandes salles de bain de l'époque. Avec le besoin d'attirer l'attention, elle est destinée aux salles de bain élégantes. Ses poignées en porcelaine font de Charlton une robinetterie imposante pas moins que importante.

CONTRACT ONE

Serie creada para proyectos con estilo minimalista y unas reducidas dimensiones para un baño elegante y con estilo. Su éxito ha provocado que se amplíe su gama ya que está llamada a ser un icono por su diseño y sutileza.

This series has been created for projects with a minimalist style and small dimensions, offering an elegant and stylish bathroom. Its success has led to its range being expanded as it is called to be an icon due to its design and subtlety.

Série créée pour les projets avec style minimaliste et pour les petites salles de bains élégantes ayant leur propre style. Son succès a fait que la gamme soit élargie, appelée à être une icône pour son design et sa subtilité.

CRICKET

Se trata de una nueva propuesta de diseño, mezclando el riguroso minimalismo con una maneta ergonómica y elegante. Sus formas sutiles encajan perfectamente en un baño de diseño sin renunciar a sorprender.

It's a new design proposal, mixing rigorous minimalism with an ergonomic and ele-gant handle. Its subtle shapes fit perfectly in a designer bathroom without giving up elegance.

Il s'agit d'une nouvelle proposition de design, mélangeant le rigoureux minimalisme avec une poignée ergonomique et élégante. Ses formes subtiles s'adaptent parfaitement à une salle de bain design sans renoncer à nous surprendre.

EASY

Como su nombre indica, es una serie fácil, cómoda y que consigue sorprendernos con su diseño. Se trata de una propuesta divertida destinada a transmitir sensaciones, siendo agradable a la vista y a la vez sorprendente por su característico caño.

As the name indicates, it's an easy and comfortable series that keep surprising us with its design. It is a fun proposal designed to transmit sensations, being pleasing to the eye and surprising at the same time due to its characteristic beak.

Comme son nom l'indique c'est une série facile et confortable qui réussit à nous surprendre avec son design. Il s'agit d'une proposition drôle destinée à nous transmettre des bonnes sensations, étant agréable à regarder et à la fois surprenante avec son bec caractéristique.

BASE

Una serie básica que pasa desapercibida pero con un diseño curioso y elegante. Sus formas nos permiten economizar sin dejar de lado la calidad de un producto TWINS

A basic series that goes unnoticed but with a curious and elegant design. Its shapes allow us to economize without leaving aside the quality of a TWINS product

Une série de base qui passe inaperçue mais au design curieux et élégant. Ses formes nous permettent d'économiser sans compromettre la qualité d'un produit TWINS

KITCHEN

La cocina se convierte en un espacio social que cobra protagonismo en los hogares modernos, donde cocinar es compartir y donde la grifería destaca por encima de todos los elementos de una cocina. La apuesta de TWINS es el diseño y la calidad de la grifería, que ante todo quiere ser funcional.

The kitchen becomes a social space that takes center stage in modern homes, where cooking means sharing and where faucets stand out above all the elements in a kitchen. The TWINS bet is the design and quality of the faucet, that above all wants to be functional.

Ayant le rôle principal dans les maisons modernes, la cuisine devient un espace social, où cuisiner est aussi partager les instants et dans laquelle la robinetterie à le premier rôle parmi les appareils ménagers. TWINS mise sur le design et la qualité d'une robinetterie qui avant tout veut être fonctionnelle.

SHOWER COLUMNS

Las columnas permiten tener la ducha perfecta sin modificar la instalación. Un rociador de grandes dimensiones con una ducha de servicio siempre con un consumo contenido para preservar nuestro bien más escaso

The columns allow you to have perfect shower without modify installation. A large shower head with a service shower always with a contained consumption to preserve our scarcest commodity

Les colonnes permettent d'avoir la douche parfaite sans modifier l'installation. Une grande pomme de douche avec une douche de service toujours à faible consommation pour préserver notre bien le plus rare

A vertical industrial machine, likely a Valsir pump or compressor. It features a large, light-colored cylindrical tank mounted on a dark metal frame. Below the tank is a blue motor unit with a circular access panel. The brand name 'valsir' is visible on the top of the frame. The machine is designed for industrial use, possibly for fluid transfer or processing.

TOWEL WARMER

Un paso más allá de la grifería. Twins te ofrece calentatoallas a juego con la grifería, tanto de color como en cada detalle. El bienestar pasa por la calidez y la satisfacción de la belleza

A step beyond the faucet. Twins offers you towel warmers to match the faucet, both in color and in every detail. Well-being is all about warmth and the satisfaction of beauty

Un pas de plus vers le robinet. Twins vous propose des sèche-serviettes assortis à la robinetterie, tant dans la couleur que dans les moindres détails. Le bien-être passe par la chaleur et la satisfaction de la beauté

Términos y condiciones de venta

Precios

ES

La tarifa está marcada por puntos, los puntos corresponderán al valor que se acuerde. Toda variación de condiciones se deberá recibir por escrito.

ENG

The rate is marked by points, the points will correspond to the agreed value. Any variation of conditions must be received in writing.

FR

Le taux est marqué par des points, les points correspondront à la valeur convenue. Toute modification des conditions doit être reçue par écrit.

Ofertas

ES

Las ofertas puntuales tendrán una validez de 3 meses.

ENG

One-time offers will be valid for 3 months.

FR

Les offres ponctuelles sont valables pendant 3 mois.

Cancelación de pedidos

ES

Una vez recibido un pedido no se puede modificar ni cambiar ya que los plazos son inmediatos. En caso de acabados, entiendan que se harán para cada pedido en exclusiva para ese pedido.

ENG

Once the order is received it can't be modified or changed as the deadlines are immediate. In case of finishes, understand that they will be made for each order exclusively for that order.

FR

Une fois qu'une commande a été reçue, elle ne peut être modifiée ou changée car les délais sont immédiats. Dans le cas des finitions, veuillez comprendre qu'elles seront réalisées pour chaque commande et exclusivement pour cette commande.

Forma de pago

ES

La forma de pago se reflejará en la factura con las condiciones pactadas entre empresa y cliente. La falta total o parcial de cobro dentro de su vencimiento supondrá el inicio de trámites legales necesarios. No se suministrará material a los clientes que no estén al corriente de pago.

ENG

The form of payment will be reflected in the invoice with the conditions agreed between the company and the client. The total or partial lack of payment within its due date will result in the initiation of the necessary legal proceedings. Material will not be supplied to customers who aren't up to date with their payments.

FR

Le mode de paiement sera indiqué sur la facture aux conditions convenues entre l'entreprise et le client. Le non-paiement total ou partiel dans les délais impartis entraînera l'ouverture des procédures légales nécessaires. Le matériel ne sera pas fourni aux clients qui ne sont pas à jour de leurs paiements.

Plazos de entrega

ES

Los pedidos saldrán de nuestras instalaciones en 24 horas máximo con entrega de transporte urgente. Si se trata de acabados especiales se entienden todos los pintados y galvanicos, 4 semanas. El PVD 6 semanas. En ambos casos adelantaremos los cuerpos empotrados de inmediato.

ENG

Orders will leave our facilities within 24 hours maximum with express delivery. In the case of special finishes, all painted and galvanic finishes, 4 weeks. The PVD 6 weeks. In both cases, we'll advance the embedded bodies immediately.

FR

Les commandes quittent nos locaux dans un délai maximum de 24 heures avec livraison express. Pour les finitions spéciales, comprend toutes les finitions peintes et galvaniques, 4 semaines. PVD 6 semaines. Dans les deux cas, nous livrons les corps immédiatement.

Transporte

ES

El transporte está incluido en el precio para pedidos superiores a los 100€ en la península y baleares y a los 300€ en las Islas Canarias. Los pedidos inferiores tendrán un cargo de transporte de 15€ y 30€ respectivamente. Para el resto de Europa y extra CE acordar en cada caso.

ENG

Agree on conditions for each country.

FR

Pour la France, transport inclus à partir de 500€. Pour les autres pays, conditions à convenir.

Recepción de la mercancía

ES

Es imprescindible anotar en el albarán del transportista cualquier anomalía, y en caso de presentar daños importantes, rechazar el envío. Cualquier incidencia también se tiene que notificar a la empresa en un plazo máximo de 24 horas.

ENG

It's essential to note any anomaly on the transportist delivery note, and in case of significant damage, to refuse the shipment. Any incident must also be reported to the company maximum within 24 hours.

FR

Il est indispensable de noter toute anomalie sur le bon de livraison du transporteur et, en cas de dommages importants, de refuser l'envoi. Tout incident doit également être notifié à la société dans un délai maximum de 24 heures.

Devolución

ES

La empresa aceptará toda devolución que no sea material personalizado y que aparezca en el catálogo vigente. Los productos de acabados especiales (se fabrican para cada pedido) no se podrán devolver. La devolución debe entregarse en perfecto estado para la venta, si es así se abonará el importe que se facturó en su momento con un cargo del 15% en concepto de depreciación. Si el valor es inferior a los 150€, se cargarán 15€.

ENG

The company will accept all returns that aren't customized material and that it appears in the current catalog. Products of special finishes (are manufactured for each order) can't be returned. The return must be delivered in perfect condition for sale, if so, the amount invoiced at the time will be credited with a 15% charge for depreciation. Agree on the transport in each case.

FR

L'entreprise acceptera tous les retours qui ne sont pas du matériel personnalisé et qui figurent dans le catalogue actuel. Produits de finition spéciaux (fabriqués pour chaque commande) ne peuvent pas être retournés. Le retour doit être livré en parfait état à vendre, si tel est le cas, le montant facturé à l'époque sera crédité avec une charge de 15% pour la dépréciation. Convenir sur le transport dans chaque cas.

SAT

ES

TWINS dispone de atención técnica al teléfono de 9 a 19h. Si un problema no se solucionara al teléfono o con el envío de piezas de recambio, se podrá solicitar nuestro SAT que tendrá un coste de 50€ a modo de desplazamiento.

ENG

TWINS has telephone attention from 9 am to 7 pm italian schedule.

FR

TWINS une assistance technique est disponible par téléphone de 9h à 19h.

Garantía

ES

La garantía de nuestros productos es de 12 años en todo el producto excepto el producto INOX donde la garantía es de 25 años. La garantía cubre cualquier vicio o defecto de fabricación, nunca un mal uso o defecto de instalación

ENG

The guarantee of our products is 12 years on the entire product except for the INOX product where the guarantee is 25 years. The guarantee covers any vice or manufacturing defect, never a bad use or installation defect

FR

La garantie de nos produits est de 12 ans sur l'ensemble du produit, à l'exception des produits INOX pour lesquels la garantie est de 25 ans. La garantie couvre tout vice ou défaut de fabrication, jamais un défaut d'utilisation ou d'installation.
